NEURO-UROLOGY THROUGH A GENDER LENS

FIRENZE
23 NOVEMBRE 2024
AULA MAGNA
NIC - PADIGLIONE 3
NUOVO INGRESSO CAREGGI

LOCAL ORGANIZER:
STEFANIA MUSCO, GIULIO DEL POPOLO

CON IL PATROCINIO DI:

To promote Neuro-Urology around the world, the International Neuro-Urology Society has organized a course on unique focus to look at gender within neuro-urology.

We are proud that Florence has been chosen for this comprehensive course on Neuro-Urology.

The target group is multiprofessionals comprising urologists, neurologists, rehab and urogynecologists and other healthcare professional figures such as nurses and physiotherapists with interest in Neuro-Urology. The course will deal with neurophysiology of the lower urinary tract, the differences in diagnostic workup and the current treatment strategies among the gender.

Particularly attention will be paid on exploring gender dimensions within the neurological diseases such as spinal cord lesions, multiple sclerosis, Parkinson's disease, and stroke. Special topics will be addressed also according to the audience's demand. Participants will actively take part of the discussion in interactive sessions.

We welcome you to join us to have the great opportunity for an experience exchange and a pleasant time in Florence!

PROGRAM

09.30 - 09.50 REGISTRATION

09.50 - 10.00 WELCOME OF CAREGGI UNIVERSITY HOSPITAL - D. Matarrese

10:00 - 10:10 WELCOME & INTRODUCTION OF THE INTERNATIONAL NEURO-UROLOGY SOCIETY (INUS)

10:10 - INTRODUCTION - S. Musco, G. Del Popolo

Chair: G. Del Popolo, M. Spinelli, F. Cecchi

10:15 NEURO-UROLOGY: QUO VADIS? - T.M. Kessler

10:30 GENDER CONSIDERATIONS IN TREATING NEUROGENIC OVERACTIVE BLADDER

- Pelvic floor muscle training techniques - L. Pelizzari
- Pharmacological treatments - K. Charalampos
- Nerve electrical stimulations - S. Musco

DISCUSSION

11:10 (VIDEO) URODYNAMICS IN:

- Neuro-urological women - S. Chierchia
- Neuro-urological men - S. Pletto

DISCUSSION

11:50 COFFEE BREAK

Chair: S. Musco, T.M. Kessler, G. Lombardi

12:10 DETRUSOR SPHINCTER DYSSYNERGIA: SAME DYSFUNCTION DIFFERENT GOALS?

- Pharmacological & non-invasive strategies - G. Sciarrone
- Urethrotomy and bladder neck incision - A. Manassero
- Botulinum toxin injections and other strategies - M. Spinelli

DISCUSSION

12:50 IS CATHETER "GENDER FLUID"?

- Urethral safety - E. Fragalà
- Urinary infections - V. Li Marzi
- Improving adherence & quality of life - S. Terzoni

DISCUSSION

13:20 LUNCH TIME

Chair: R. Carone, F. Nelli, M. Sigona

14:20 MENOPAUSE AND PERIMENOPAUSE IN NEURO-UROLOGICAL WOMEN

- Interplay between MS and menopause - E. Russo
- From menstruation to menopause in SCI - L. Vignozzi
- Dealing with osteoporosis and neurogenic lower urinary tract dysfunction - L. Cianferotti

DISCUSSION

15:00 PROSTATE ENLARGEMENT & TREATMENT

- Value of PSA screening in neurourological men - M.L. Gallo
- Suprapontine lesions - E. Finazzi Agrò
- Spinal lesions - E. Ammirati

DISCUSSION

Chair: E. Russo, S. Serni, A. Minervini

15:40 NEUROGENIC SEXUAL DYSFUNCTION

- Genital pain and vaginal dryness - V. Birkhäuser
- From erectile dysfunction to hypersexuality - G. Sampogna

DISCUSSION

16:20 SURGERY IN FEMALE & MALE NEUROGENIC STRESS URINARY INCONTINENCE

- Bulking agents - E. Illiano
- Slings - M. Balzarro
- Artificial urinary sphincter - A. Giammò

DISCUSSION

17:00 CONCLUSIONS AND REMARKS - S. Musco, T.M. Kessler
